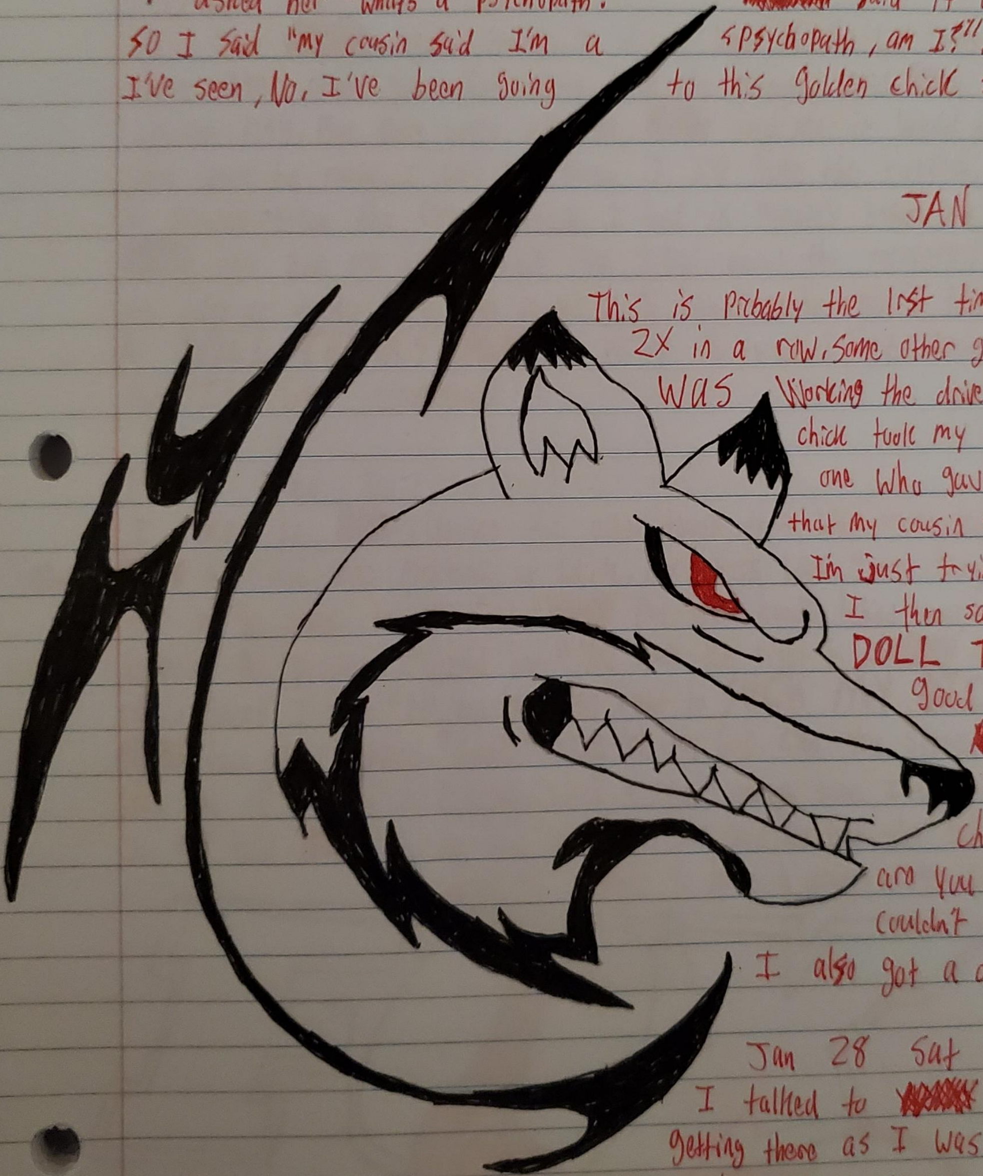
LET LOVE IN

Jan 21 Sat 2017

I talked to [redacted]. She was taking a break when I got there. I asked her "What's a psychopath?" [redacted] said it was a crazy person. So I said "my cousin said I'm a psychopath, am I?". [redacted] said "from what I've seen, No. I've been going to this golden chick since like November.



JAN 22 SUN 2017

This is probably the lrst time I've seen [redacted] 2X in a row. Some other girl took my order. [redacted] was working the drive thru. Even though this chick took my order, [redacted] was the one who gave it to me. I told her that my cousin said "I'm not a psychopath I'm just trying really hard to be one. I then said "**YOU'RE A DOLL THANKS**" Have a good night".

[redacted] seemed eager. Even the chick who ~~charged~~ charged me told her What are you doing? I guess she couldn't tell what was going on. I also got a discount.

Jan 28 Sat 2017

I talked to [redacted] again. I think she was getting there as I was getting there. [redacted] wasn't in the kitchen when I lrst came in. I was standing in line when I saw her pass by. [redacted] took my order. I asked her she was. She was good.

KING'S OF LEON

I told [redacted] if she get's upset whenever I say "YOU'RE A doll thank's". "NO" is all she said. I almost didn't say it because I had an ~~and~~ audience. They were laughing at me.

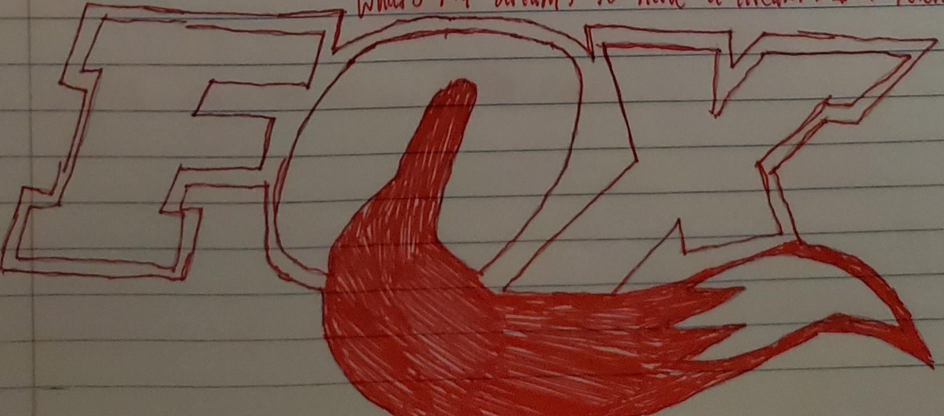
Jan 29 Sun 2017

I saw [redacted] again today. I didn't know if she was going to be there or not since I've never gone that early. Even the manager said [redacted] hi to me. I wanted 3 chicken leg's. But they were all out. [redacted] told me it would be 15 minute's before they would be ready. I was like screw it I'll take the catfish. That would have taken 10 minute's since the fish is fresh. I had 15 minute's before my shift started. I told [redacted] just give me whatever. We then talked about the receipt's. If their paid w/ a ~~a~~ debit or credit card, she print's 2 & hang's on to one. I told [redacted] "YOU'RE A DOLL THANK'S". [redacted] was visibly flattered. I'll be seeing a lot [redacted] now that I've been reassigned.

Feb 7 tues 2017

I talked to [redacted]. Unlike the other time's their was more magic & emotion this time.
Fire Starter [redacted] got into some mischief at work. Her boss was giving her a little chat. He jokingly told me to arrest her. I said "[redacted] put your hand's behind your back"! [redacted] playfully assumed the position. I told her "You have the right to ..." [redacted] said "I have the right to remain silent". I said "No, You have the right to SUCK MY DICK." The look on [redacted] face was priceless. *Gasps* Like oh my GOD. Can You speak into my good ear. They were out of chicken leg's again. Since I had enough time I was like just give some fish. I ~~tod~~ told [redacted] if she had a dream. She said no but she tell's everyone she ~~d~~ does.

What's my dream? To have a dream. I'm kidding but I'm not!

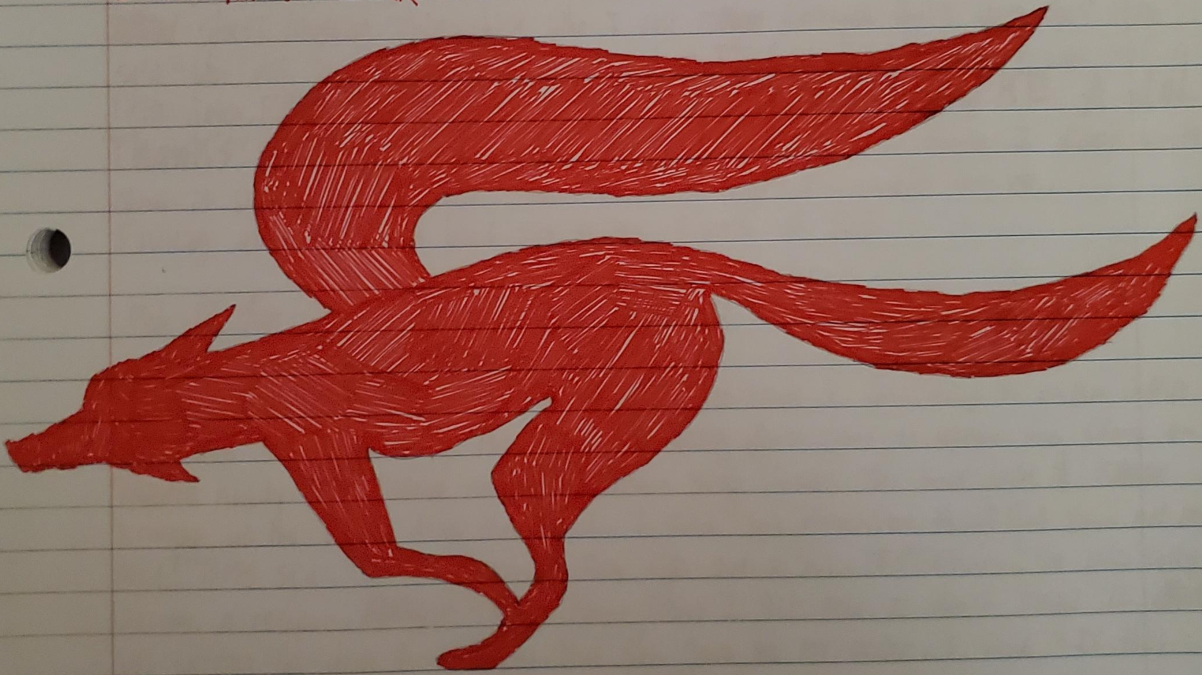


As I Was filling my drink I heard [redacted] tell the boss "You know how You told that guy to arrest me. You know What he said to me? He Said "You have the right to suck my dick", SO my order come's in. I tell [redacted] "YOU'RE A DOLL THANK'S" "SEE YOU around [redacted]. [redacted] just smiled & said "Thank You".

As I was leaving I could tell [redacted] was basking in the afterglow of our interaction. It was like the scene between Ricky & Jessie in Alien's VS Predator Reauiem.

Later that day touched myself While thinking about [redacted]

I love You so much [redacted]



11/27/16 1rst time me and [redacted] met

Feb 11 Sat 2017

I saw [redacted] again today. It was funny as hell. She was working the drive thru. Not a lot of people were eating in. I was going to go inside at first but then I said fuck it. I pulled in to the drive thru. I said give me a number 4. [redacted] said "All leg's. Holy shit how did she know it was me? I did go inside to use the restroom real quick. Or maybe recognized the sound of my voice. The lady boss ~~completed~~ completed my order. I kinda wish [redacted] had done it because I said "Can you make it to go". Boss lady was like it's already to go. I pull up to the window. [redacted] start's laughing. This chick who I call R[redacted] (because that's where she's from) said "Why did you say can you make it to go?" I told her that that was just a little joke. R[redacted] said I play too much. I told [redacted] [redacted] "YOU'RE A DOLL THANK'S". [redacted] said bye. I did see [redacted] yesterday. The only reason I didn't write about it was because these slant eyed chimichangas ruined it for me. Fucking alien gook fish head cat eating piece's of shit.

Feb 12 Sun 2017

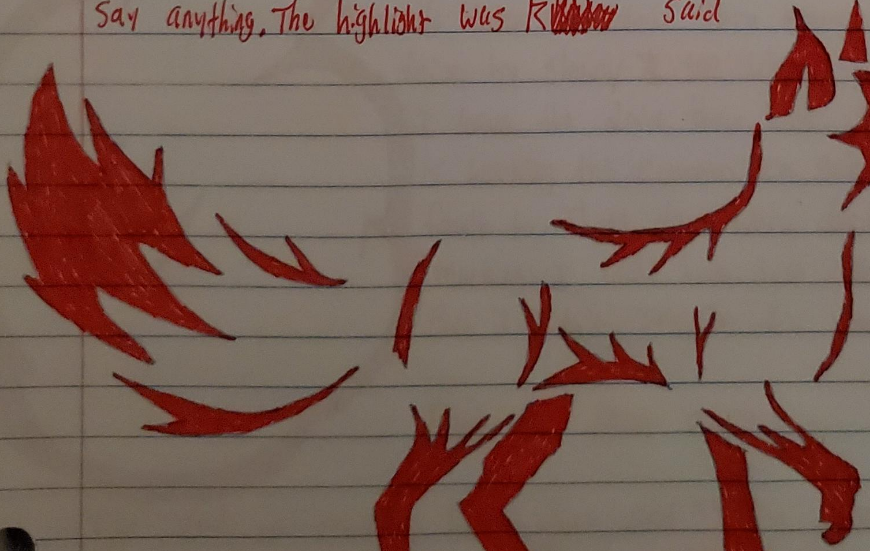
I saw [redacted] again today. I decided this whole week I was going to order inside no matter who was working the register. I ~~dont~~ don't want to appear too clingy or ~~needed~~ needy. Also distance make's the heart grow fonder. The boss lady & R[redacted] brought up the whole drive thru goof. I said "You remember that? But your not ~~mad~~ Mad?" Boss said "I do remember". They also got a mic. TESTING. I've officially become a regular. [redacted] & R[redacted] know what I get now. I don't know if [redacted] was working the drive thru or not. But she gave me my order. I said "Is that for me?" Yeah sure. I said "Hold it [redacted]". There was a long pause. After a while I said "YOU'RE A DOLL THANK'S. SEE YOU AROUND [redacted]." [redacted] said "THANK YOU." The reason I prefer [redacted] to do it is because I'm so used to her doing it. [redacted] does my order like 90% of the time. And when she doesn't take it she at least give's it to me. It feel's weird when someone else does it. It's not the same. I wonder IF anyone at the Golden chick has figured it out? It should be obvious.

Feb 15 Wednesday 2017

The golden chick was deader than the cat I ran over this morning. Also their Was nothing but Girl's Working tonight. I acknowledge [redacted] just as I was about to leave. We made eye contact & just waved at each other. [redacted] thought I Was talking to her. Because She said "What?" I was like "Nothing". As I was Passing the drive thru window I saw [redacted]. We locked eye's and [redacted] Started Smiling and laughing like a little School girl. [redacted] demeanor turn's me the fuck on, She's very child like. I can only Imagine What the ladies were saying. By now it should be painfully obvious. I just noticed this but I've been listening to paramore a lot lately. It just hit me, [redacted] remind's me of Hayley. I got into paramore again after hearing the Song "Into You". I haven't listened to paramore since the crushcrushcrush video came out. I've been missing out.

Feb 18 Sat 2017

I got the day off but I went to go see [redacted] anyway. Everyone know's now. When I went in there. This chick said "[redacted] You're boyfriend's here". This is the last time I went in there Without my uniform on. Me & [redacted] made eye contact but we didn't Say anything. The highlight was [redacted] said I Play too much.



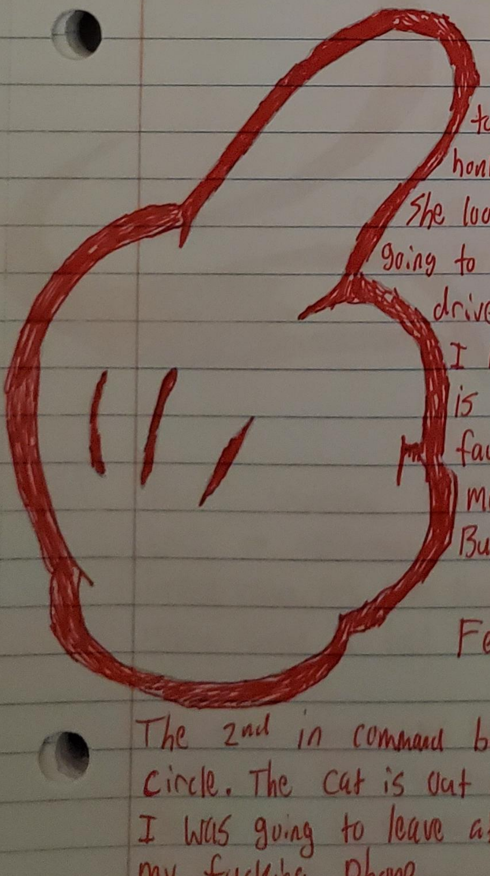
V [redacted] Feb 21 Tues 2017

I talked to [redacted] today. I said the usual, "Hi how've you been?" [redacted] almost got my order right. Everything but the extra roll. I told [redacted]. I told [redacted]

Ace [illegible]

"That's what turn's me on about you [redacted]. You're attention to detail." [redacted] was smiling from ear to shining ear. As I was leaving I told [redacted] [redacted] "I got something I need to tell you". [redacted] was like what. I said "Are sure you want to hear this?" [redacted] just nodded looking so concerned. I said "Last chance to change your mind". [redacted] say's "Shoot". I finally ~~burst~~ blurt out "**YOU'RE A DOLL THANK'S, SEE YOU AROUND** [redacted]. [redacted] just smirked & said "**Thank You**". And here I thought we were drifting apart. I saw [redacted] Sunday but we didn't get a chance to talk.

Feb 26 Sun 2017

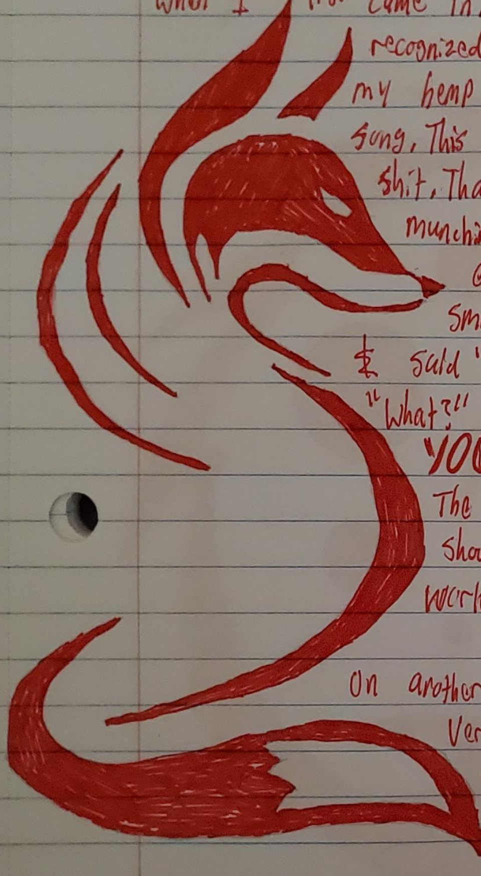


I saw [redacted] almost everyday last week. But we never got a chance to interact. As I was passing the drive thru window. I saw [redacted]. I honked the horn at [redacted]. [redacted] **Flipped me off. Both hands.** She looked so cute, I almost wrecked I was so distracted. I swear I'm going to take the drive thru everyday this week. or I think I'm going to drive by slowly & see where she's working. that's bullshit how the second I leave the drive thru. It's clear. If I take the drive thru & [redacted] is working the counter I'm going to be fucking mad as hell. It's my fault to. Those day's were deader than the cat I ran over this morning. I could have just called [redacted] over & just started talking. But I didn't. It's on this week.

Feb 27 Mon 2017

The 2nd in command boss chick said "You're girlfriend's not here". We have come full circle. The cat is out of the bag. R[redacted] called me "Mr. play toomuch". They thought I was going to leave at 1st just because [redacted] wasn't there I just forgot my fucking phone.

Feb 28 Tyes 2017



I saw [redacted] today. I thought I wasted my time at 1rst because I didn't see her when I 1rst came in. This new dude has started working there. I can't believe he recognized me. We were joking around about getting high since I was wearing my hemp hog shirt. I started singing some of the "Because I got high" song. This dude knew what I was talking about. This dude really know's his shit. That's when I spotted [redacted]. She was sitting down on her phone munching on some ice cream. [redacted] told me she thought I was someone else that's why she stuck the middle finger. I tried to make small talk but she was busy w/ her phone. I went up to [redacted] & said "guess what? [redacted] said "what?" & I said "guess?" [redacted] said "what?" again. I said "YOU'RE A DOLL THANK'S SEE YOU AROUND [redacted]. I touched [redacted] on the shoulder & left. The dude said "Take it easy" as I was leaving. He also said I should take [redacted] w/ me. I hit it off w/ almost everyone that works there. But that's another story.

[illegible] you why don't you cry about it

On another note when I called to check in w/ [redacted]. She didn't say Verified Response, she just said "Hey Garcia". [redacted] voice is catnip to my ear's. I asked [redacted] how'd she know it was me. 2 word's. Caller ID. Not a bad way to start the shift. Hearing the voice of an Angel.

Mar 1 Wednsday 2017

While on assignment 2 tenant's stopped to talk to me. One was a dude that that said " I looked young. He's going through a rough time right now. He got robbed & he's on the verge of getting evicted I told him to hang in their.

The other tenant was this sweet adorable little white girl. I've seen her around a couple time's but I've never said anything to her. I think she talked to me because she she got used to seeing me around. What really melted my heart was that she saw me from the balcony & she came outside just to say hi. 14/88 WPWW

I made it sound like everything was peachy in my last entry about [redacted] but it's not. [redacted] seemed annoyed w/ me the whole time I was talking to her, I could tell she wasn't in the mood by the irritation in her voice. She showed a hint of kindness when I said bye but that's about it.

When I got there this time [redacted] was already on break. But I already decided to cut my losses, I saw a DART officer on break. We started talking about where Dart's jurisdiction started & where it ended, As he was leaving I said "Be safe out there, have a good night", [redacted] took my order but the attraction's gone. We didn't make small talk, we didn't smile, It was just one of those let's get this shit over with moments. Instead of saying "**YOU'RE A DOLL THANX**", I just said "cool thanx", [redacted] gave me my order. When I was there last Tuesday, she saw me pretending to smoke a joint & she told the 2nd in command. I was just horsing around w/ the new dude.

I said "Hey [redacted]". She said "Yeah, I'm from [redacted]" turned & left. I said "But you're not mad", 2nd in command saw the whole thing, I was like "Bye!" As I was leaving I heard the 2nd in command say "**What Happened**!"!!" I'm still going to go to the golden chick, But I'm not ~~to~~ going to go out of my way to go there anymore. Like on my day off, Also IF [redacted] & [redacted] decide not to talk to me anymore then whatever, I'll just bullshit w/ the new dude or go back to eating at Whataburger I'm sure [redacted] will get over it, I was pissed off w/ [redacted] at 1st, But it's beneath me. I wish [redacted] the best, It was fun while it lasted but the fun's over now. IF we talk in the future, Great, IF not no big deal. GOD Bless the Smart Phone, but fuck it at the same time.

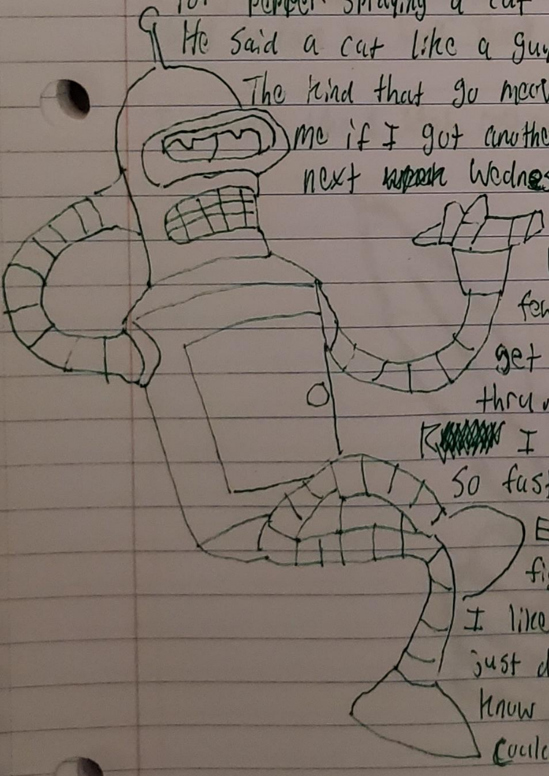
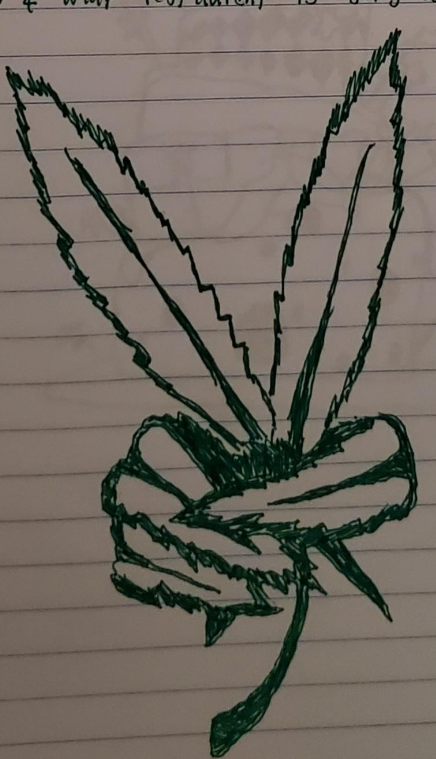
So I went to the ~~go~~ Golden Chick one last time for Old time's sake. As I was parking I unintentional parked next to the manager, Business was dead slow so he was chiling in the parking lot. We started talking about smoking. I told him he was blowing heavenly getting higher than the hill's of Beverly. Golden boy asked me when was the last time I smoked. I said this morning, I then started singing the hook to the "I smoke I drank I'm suppose to stop but I can't song. I found out he was the manager. I told him if he rule's w/ an iron fist. He said "no", I then asked him what would happen if there was a dinner rush. He said he would haul ass to the kitchen. I told him I got fired last week. And I told him I got fired for pepper spraying a cat (I didn't get fired for that even though I did it twice). He said a cat like a guy or the animal. I was like "Yeah, the actually animal". The kind that go meowth. Golden boy just started laughing. Golden boy asked me if I got another job lined up. I said "yeah in Irving". Orientation is next Wednesday. We both graduated in 08. He went to school in plano. I think ~~go~~ Golden boy was calling his girl while we were talking. I told Golden boy "see you in a few". Golden boy said "Alright, see you inside. I didn't get a chance to talk to [redacted]. She was working the drive thru. This other dude took my order. Had it been [redacted] I wouldn't have to say anything. My order came in fast. So fast that I stood at the counter. Damn I looked stupid. Even the dude said is everything ok? After a while he figured out what was going on. He kept asking me did I like her. I just played stupid. "Do I what?" "I'm sorry I just didn't hear what you said". Finally I just said "I don't know maybe. He offered to bring her over. I told him if he could take her place at the drive thru so we can talk. After I said that I saw [redacted], I said slide over here. Either [redacted] didn't hear me or she didn't know what I meant. This other chick working the drive thru window said "he said slide over here" then she just started laughing.



I told R[redacted] it was going to be my last time coming, R[redacted] asked "why", I told her "Because I got fired from my security job", we said goodbye.

As I was leaving I got a chance to talk to Golden boy again, I said "What's your name?" The dude's name is [redacted] It's [illegible] cousin, I told [redacted] it was going to be my last time coming. I told [redacted] it was to bad he didn't start in November because that's when I 1st started going there. We shook hand's & I said let's grab some sticky icky or wacky tabbacoy & get baked. [redacted] just started laughing, As I was out the door [redacted] said "Don't spray any more cat's. I then pretended to spray & shoot a cat. this is like the 3rd time this has happened to me. there was the dairyette & Rosie's. There was also [redacted] Residont Evil [redacted] fine ass from cane's. [redacted] Daisey from whataburger. Another thing that blow's my mind is I was working the Madison for the 1st time in a long time. And people were coming up to me & saying thing's like "Where you been" & "Glad to have you back". That's was so awesome. I didn't think anyone cared.

I wonder who & what restaurent is going to be next. It's like wash, rinse, & repeat.



May 31 Wed 2017

I talked to [redacted], [redacted] has 7 tattoo's. I got one because everybody was getting one. [redacted] told me if everybody was jumping off a bridge would I do it?" I told her "I think it make's me look kinda dashing, [redacted] just started laughing I told her IF I needed to return my badge. She said hold on to it because I probably might need it. IF thing's don't work out, I could alway's come back. I told [redacted] I was going to buy her a lap dance. [redacted] "You're leaving us again"

The boy's room was right next to the girl's room. And just as I was about to go in homegirl come's out of the restroom. We almost smacked into each other, I'm like "Oh sorry, Sorry, Sorry". VEHEMENCE

OF

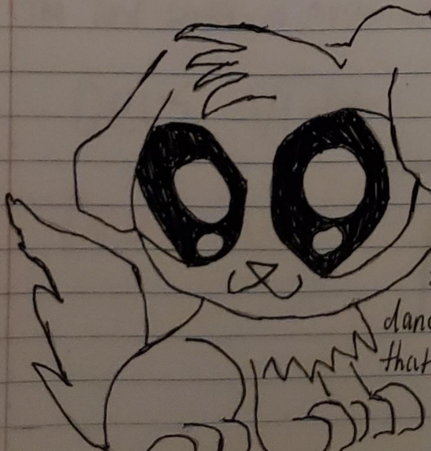
LOVE

I went to silver city to celebrate me quitting my job. I actually went to this other club 1rst but I wasn't feeling it. I met this chick named [redacted], She's an artist trying to make it big. We talked about the Mona Lisa & Van gogh.

I Met [redacted] B Germany
Me & [redacted] ϟ talked about pet dog's. [redacted] ϟ actually showed me a picture of her dog. [redacted] ϟ is from Orange county. For a while I lost [redacted] ϟ. I looked everywhere for her. Finally I asked this dude named [redacted] Star of Echoe's, [redacted] said she was going to be hanging out in the Vip section for an hour. As time was about to be up [redacted] Me & [redacted] hung around the VIP entrance. We started talking about the canceled Canelo fight & what a let down it was. We talked about bottle service & working out a deal. We even talked about ϟ [redacted], [redacted] said I can hang out w/ [redacted] ϟ, [redacted] must have status because this girl I turned down earlier saw us talking & came over, she talked to [redacted] & then asked me if I had found the girl I was looking for.

BE
GENTLE

At last [redacted] ϟ was finished. We embraced & walked back to the floor, she sat on my lap & kissed me on the head when I told her how long I waited & how I turned down like 10 girl's. Everyone told me I was crazy for waiting. People say, they say "have fun she's busy", then the dance started. Halfway through I had to go to the fucking bathroom. I told [redacted] ϟ wait right there. On the last dance I told [redacted] ϟ if we could hold hand's. [redacted] ϟ said my hand's were cold. I told [redacted] ϟ their was no more hot water left in the bathroom. When the dance was over, I told [redacted] ϟ I'm glad I waited for her & we embraced again. I told [redacted] ϟ I had to go. ϟ [redacted] wanted to walk me to the exit. ϟ [redacted] held my arm & we started walking, I told [redacted] ϟ "We need to find [redacted]". Halfway there I saw [redacted]. If it wasn't for [redacted] I probably wouldn't have danced w/ ϟ [redacted]. Even [redacted] said something. [redacted] ϟ said "Is that how you found me?" I said "yeah". I told [redacted] I appreciated what he did & to have a good night.



PRETTY CLEVER

Then we shook hand's. [redacted] 卐 told me to drive home safetly, I told [redacted] 卐 I hope you find your place in life young lady. I then ran my hand down [redacted] 卐 arm. [redacted] looked at me like get out of here. When I got home

I touched myself while thinking about [redacted] 卐

I LOVE YOU SO MUCH [redacted] 卐

As I was driving home I was thinking about the moment where me & [redacted] 卐 were holding hand's & just as I was thinking that Blink 182'S song 1rst date started playing

In the car, I just can't wait To pick you up on our very first date
Is it cool if I hold your hand?

The thing that blew my mind was all the guy's I was trying to make friend's w/ were white. And they weren't that friendly or very social, which pissed me the fuck off because of my politic's. [redacted] & [redacted] 卐 were both hispanic. So I ended up getting along & bonding better w/ the one guy & girl who I thought less of. I actually had already giving up trying to make connection's when I started talking to [redacted]. The only reason I talked to him was because I was looking for my homegirl [redacted] 卐. Another thing was how much chemistry there was between me & [redacted] 卐. The white girl's were alright. But they weren't as good as 卐 [redacted] I only danced w/ this one chick because she reminded me of [redacted]. And I alway's wanted to smash her.

the lord work's in mysterious way's.

It happen's all the time. There's alway's that one guy I don't think I'm going to get along with. And then we start talking. No matter how many time's I say it's not going to happen again. It happen's all the time.

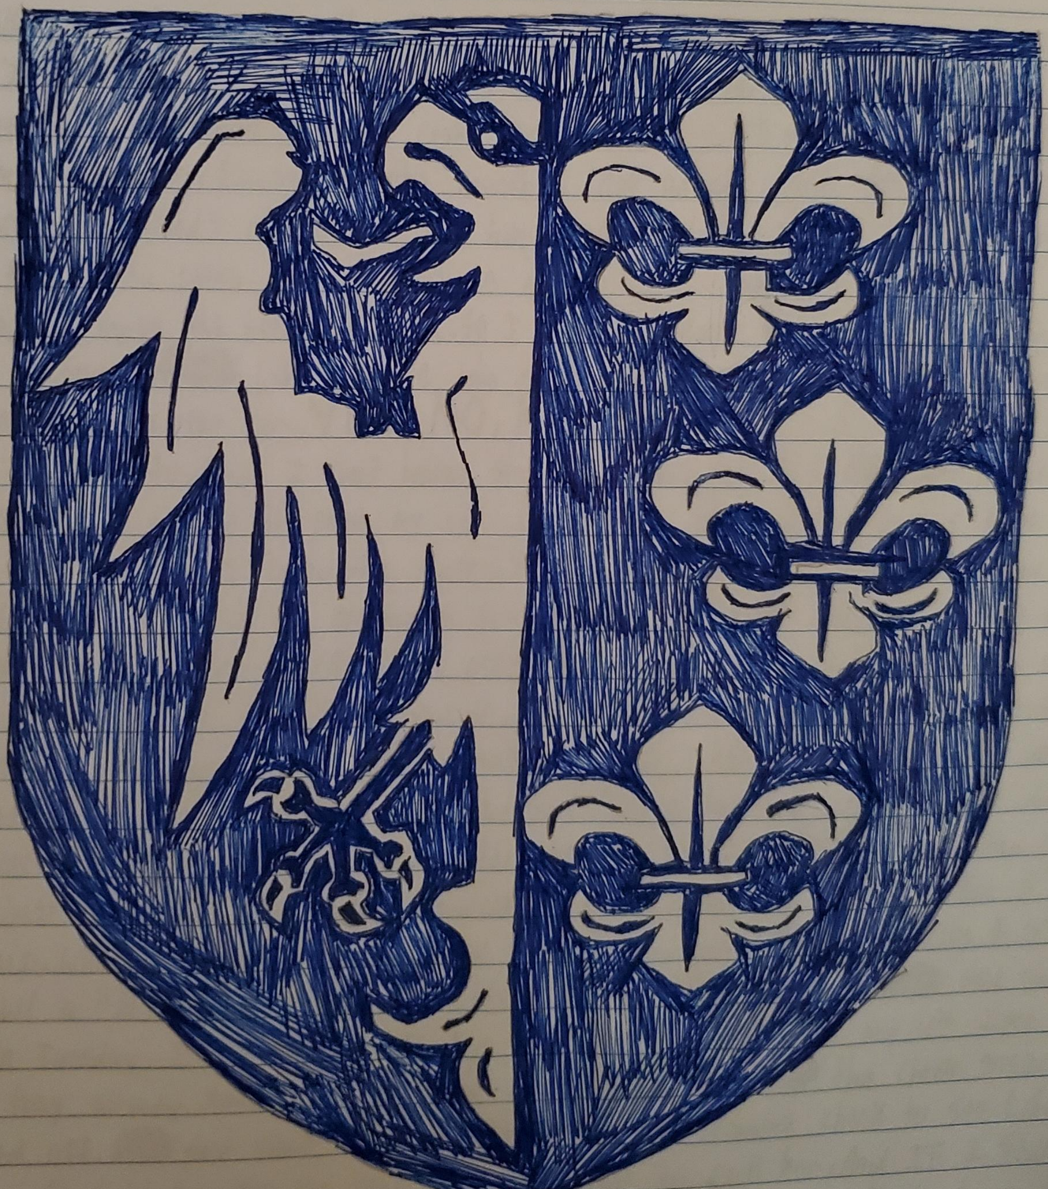
Oct Tues 10 2017



So There's this chick Who work's at the Dodge Dealership.

I didn't think much of [redacted] Behind enemy lines. When I 1rst met her, The check engine light on my car turned on one day, I took it to the shop.

I Was under the impression that ~~the car~~ I was going to get the car back the same day. It Was in the shop for FOUR FUCKING days. Lucky for me I was off those 4 day's, I told [redacted] IF she could wash the car to, this was in the middle of ~~Septem~~ September, Earlier in the month I got an oil change. The guy said I should get my break's & fluid's changed, I told him I would do it on the 30th of September, I also told him to wash the car which he didn't do. I couldn't wait to the end of the month to change the break's & fluid. So I did it a week before the 30th, coincidence, faith, whatever [redacted] Was the one who serviced me again, [redacted] said "Do you have everything You need out of the car. YES, NO, MAYBE, SO", I also told [redacted] IF she could wash the car to, which I can't believe she did, I also talked to [redacted] it's a taste, He said I was for saying I wanted to paint my car pink. About a week after I was there the engine light came back on. I called the dealership but they told me [redacted] had the day off. I called friday & set up an appointment for Tuesday, Since [redacted] did such a good the 1rst 2 time's I was there I specifically asked for her, I took the car in but they couldn't fix it in time, the next time they fixed it, Finally. I ended up taking a fucking bus to the dealership since the shuttle stopped running. Holy shit I hate taking the fucking bus. When I got there, Their was this dude who said "can I help you w/ something. I told him I was looking for [redacted]. He got on the intercom & said "[redacted] report to the front desk" but just as he was making the announcement [redacted] Showed up. That was the 3rd time we met. When we met this time their was definitely more magic. [redacted] was smiling & greeted me w/ a "HEY", I told her IF she was going to work Monday. [redacted] said she would be in Tuesday, I think the staff has caught on, Today was my 4th time there. And they already knew I was waiting on [redacted], I told [redacted] the check engine light turned off. [redacted] said since the light turned off she couldn't check to see what was wrong. She told me IF the light turned back on to call her. And IF I still got her number? I was like "See you around [redacted]," [redacted] said bye, I don't have a crush on [redacted] or anything, It's just that I've gotten used to her ~~doing~~ helping me out that I don't want anyone else to do it. there's only 1 thing that turn's me off about [redacted], She's hella fat.

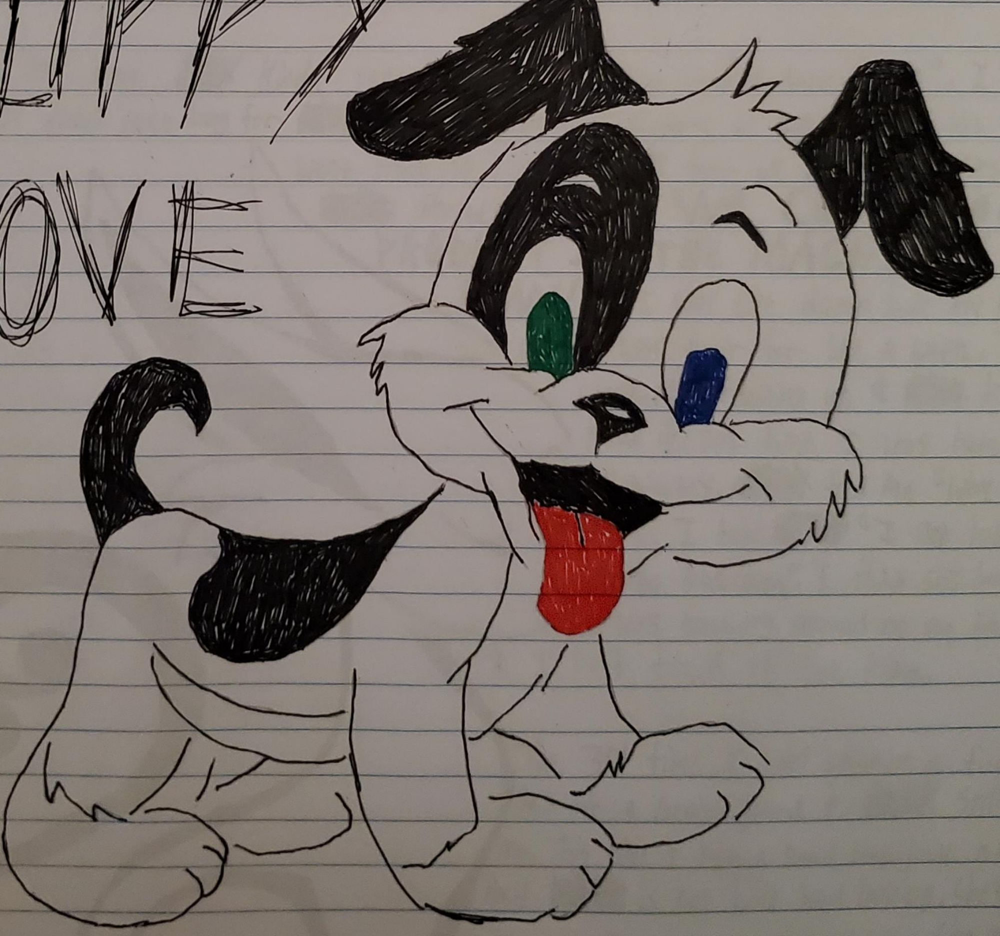
PUPPY
LOVE

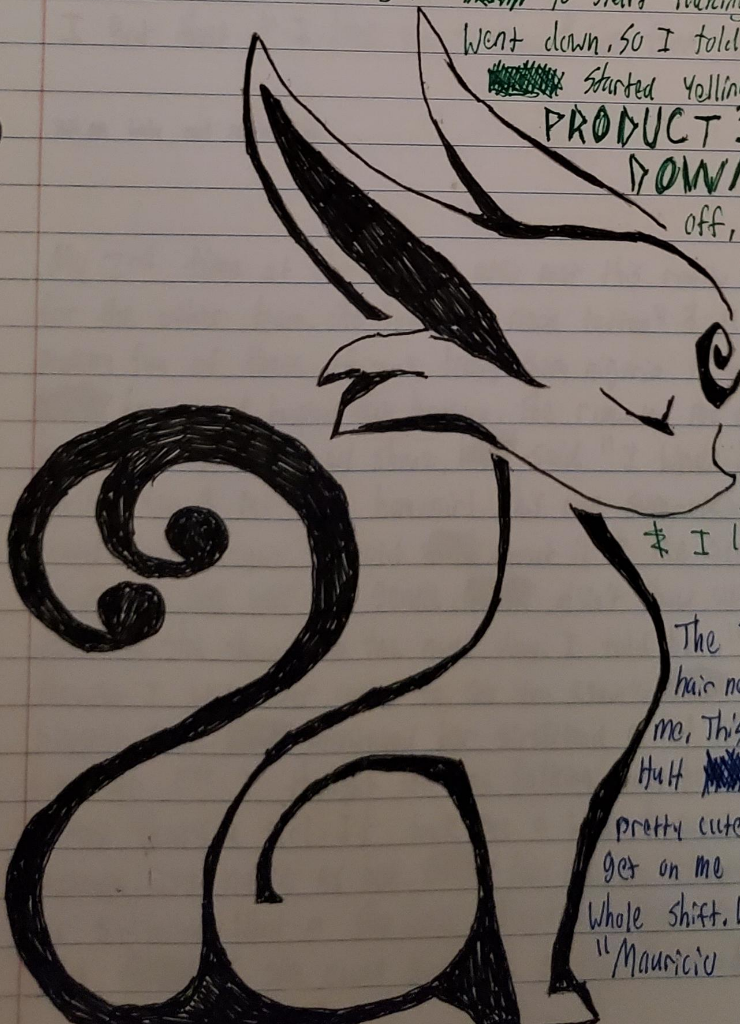


BARTUSH

So I met my homegirl [redacted] for the 3rd time.

The 1rst time ~~We~~ met I gotta admit I thought she was kinda of a bitch. She was constantly screaming at me. I fucked up bad enough that [redacted] pushed me out of the way. I was there like 2 month's before I threw in the towel. It wasn't because of [redacted] fine ass. It was because I was tired of dealing w/ this loser & the the one person that made it almost tolerable was leaving. So I said fuck this shit. [redacted] said "Too rough for you".

The ~~se~~ 2nd time, [redacted] kinda recognized me. "Have you worked here before". I said "Yeah." It didn't take long for [redacted] to start fucking screaming at me. One of the machine's went down. So I told [redacted] that "we can't make product". [redacted] started yelling "Well WE CAN'T MAKE PRODUCT IF THE MACHINE'S DOWN!". I was like damn bite my head off. I was their for like a ween. I was constantly fucking up & [redacted] let me know it. One time I was late by around 10 minute's. [redacted] told me "Why are you late?". I told [redacted] "I ~~get~~ held~~d~~ up in the bathroom". I thnk she bought it. I was fucking around on my phone ~~&~~ & I lost track of the time.



The 3rd time, I was wearing a fucking hair net a beard guard & [redacted] still recognized me. This time I took a good long look at [redacted] Huh [redacted] is not half bad looking. She's actually pretty cute. In a nerdy sort of way. She didn't get on me once all day. We only talked 2X the whole shift. When I 1rst arrived [redacted] told me, ~~X~~ "Mauricio I need you to empty all the contaner's of tomatoe juice". The 2nd time was while emptying the container's of tomato juice. I don't know IF [redacted] thought I left or just coming to check up on me but She was in the back. I said "How's it going [redacted]?" [redacted] said "Oh it's going". I didn't even get a chance to say goodbye. I wanted to run my hand down the small of her back or shoulder & say "Farewell [redacted]. GOD Knows when we'll shall meet again?

K+J

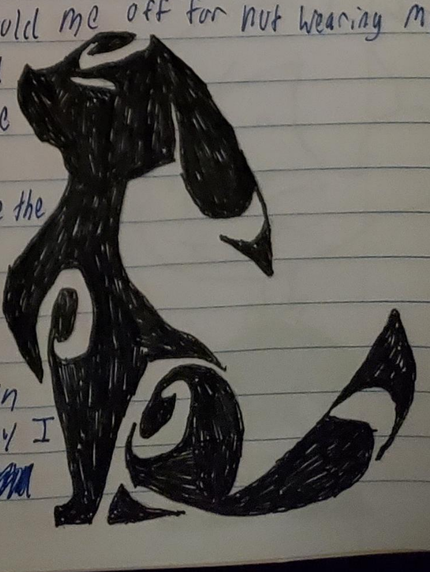
Later that day I TOUCHED MYSELF WHILE THINKING ABOUT [redacted]

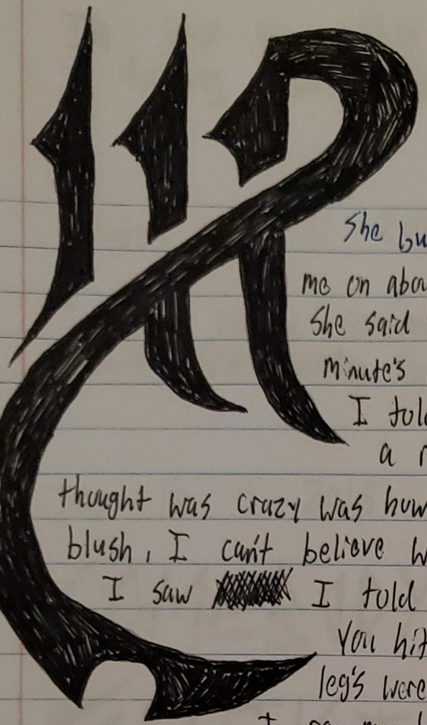
I LOVE YOU SO MUCH [redacted]

I got that "I love you so much" line from that movie 13 Hour's In Benghazi

Hit me baby one more time

My 2nd time at Bartush I also met this really cool chick [redacted] lowinsky Who play's for the other team. She had cool neck tattoo's & a Lara craft braid Ponytail. I remember making fun of these african's telling them nigeria is a real shit hole (before it was cool) [redacted] [redacted] heard me & busted out laughing. She reminded me of Shane from The L Word. I even told her "would you do it w/ Shane, [redacted] said "I would but she's not my type. I like girly girl's". You & me both homegirl. This one supervisior told me off for not wearing my beard guard right. I told [redacted] about it & she started adjusting it. She was so gentle. [redacted] didn't show up one day. When she showed up the next day. I told her "I thought I was never going to see you again", [redacted] wore the biggest smile. [redacted] mentioned her girlfriend a lot of time's. At 1st I thought she was talking about her friend that's a girl. It took me a while to catch on because I'm naive as hell. [redacted] told me she cheated on her girlfriend. What a She Devil. Just for fun one day I told [redacted] if she could give me a ride home, [redacted]





She bust out "What you got on that gas money?" That's what turn's me on about her. Her Barrio demeanor. I told her "How much you need?" She said "15 Buck's", I said "How's $20 sound", She said deal. 10 minute's later she changed it to 10 dollar's. I didn't even need a ride. I told [redacted] I was leaving. She said "I thought you needed a a ride?" I just smirked. She's also a gamer. One thing I thought was crazy was how a straight guy can make a lady killer casanova girl blush. I can't believe we talked about condom's to go & Strap on's. The last day I saw [redacted] I told her "When you get tired of carpet munching why don't you hit my ass up & try this fuzzy taco on for size". [redacted] leg's were shaking & she was so so flattered. crazy town As I was leaving I ran my hand down her arm & said "Bye [redacted]". Her skin was as soft as a rose pedal. Later that day [redacted]

I touched meself while thinking about [redacted]

I LOVE YOU SO MUCH [redacted]

I wonder how [redacted] would react if she knew I was Jacking off to her, come to think about it. I wonder how AWW Fuck It!

And last but definitely not least I also met [redacted] all 3 time's. Homie was looking good. When I was clearing out the tomatoe juice [redacted] Showed me how to use the garbage compressor. His name was on the bar b q Sauce. When I Pointed it out we both just bust out laughing. It's moment's like this that help me get through a long, hard, boring day at work.

SHIT SANDWICH

Feb Thur 22 2018

My car got a flat. I had to fill it w/ air twice. The fucking tire pressure was at 2. I drove to fina since it was the closest gas station. One of the reason's I don't like fina is because it charge's you a dollar for fucking air & nothing but sand monkey's run those place's. So I filled the tire. It made it to 33. I said fuck this shit & drove to the quiktrip in centerville. I normally go to the racetrac down the street but the last time I was there the fucking air machine was out of order & I didn't go to the quiktrip in garland road because their hose had a rip in it. It was a downward situation & it stank like a bum because it started pouring. Holy shit I hate getting fucking wet. I was so soaked that the seat also got wet. I stopped at chase to make a deposit. When I was filling the tire I had a check in my back pocket & I forgot to take it out. As I was taking the check out the envelope it was in ripped, so I had to wait like 30 minute's for the fucking check to dry. Chase had the A/c on ~~a~~ & I was wet so I was freezing my nip's the whole fucking time. I was going to stop at Wal-Mart but I said fuck this. So I start the car & the fucking tire is deflating. I actually went home & changed cloth's. Then I drove back to the quiktrip on centerville & filled the tire AGAIN. The tire pressure was 42. When I got to the house it was 35. Every hour for 3 hour's I would start the car & see IF the fucking tire deflated again. It didn't. But when I had to go to work, The fucking tire pressure went down again. Which meant another stop at fina. I would have gone to quiktrip but it was to far. When I was at work every so often I would check the tire to see IF it was leaking. It wasn't. It was getting cold so I started the car for like an hour. Big mistake the fucking tire deflated to 7. Lucky for me there was a chevron like 10 second's away. I didn't know it at that time but the air machine took debit which was great even though it was it a quarter more expensive than fina. I didn't want to lost the last of the pressure so I didn't turn the car on until it was time to leave. Another bad call. I couldn't see shit because the windshield was all fogged in. As I was driving to cheveron & I hit a fucking curb & the tire pressure went from 7 to 0 in 2.2 second's. So I pulled into chevron & I tried to fill the tire. But the tire was ruined so I jumped on Google. I checked to see if insurance cover's a flat tire. It only cover's

KORN

Uncyclopedia
Are you fucking kidding me

it IF the vehicle is damaged in the same pothole collision that damaged the tire. So I looked up roadside assistance, I went w/ CMC because they were close & they were open 24 hours. They told me it would cost $60 & that they would be there an hour, When they got there they jokingly said IF I was having a good day. They also told me to change the tire ASAP & that the spare is meant to get you back home, I finally got to the house at 7. 1 hour after I got off work. What a truckload of shit. I was going to haul ass to Dodge at 9 but I was tired as hell. I didn't get up til 12. I talked to service they said that the dealership closes at 7 but service close's at 5, Lucky for me I was able to get a new tire. they ~~ever~~ even washed my car for free. Also some cool shit went down at the dealership but that's another story, Every cloud has a silver lining. The biggest thing I took from the whole thing was after that fucking tire deflated twice I should have got it replaced. Another thing is IF I had turned the fucking defroster on I probably wouldn't have wrecked. The reason I didn't turn it on was because I didn't want to deflate the tire. I would have to fill the tire 3 time's & maybe spend ~~$2.25~~ $2.50 & make it until I waited to go to the shop was because of how expensive it was going to be. It actually cost a lot less than I thought. And another thing was that the defroster on than the ~~A~~ a/c. Their wouldn't be condensation & the car would be toasty, And Lastly I was really close to screaming ARE YOU FUCKING KIDDING ME.

KORN The world ain't fair eat You IF You let it

The thing that kept me going was a quote by Pool.

> Just as on the battlefield, the valiant warrior losing in glorious battle is honorable. It is not the victory that define's the man. It is the fight. there are some people who somehow have this curse or bad luck and must eat an excrement sandwich every day. They win everytime they struggle aganist that.

And that song "Why do You love Me"? by ~~Gar~~ Garbage. I get back up & ~~[illegible] [illegible] again~~ I do it again

At least now I know what to do IF it ever happen's again.
